- Eligible students living in Pine Creek School Division who choose a Pine Creek school other than the designated school will be transported if there is room on the bus and the bus route does not require adjustment.
- In-town students that are eligible for a grant (more than 1.6KM from school) may be transported if there is room on the bus and a suitable pick-up/drop-off location can be established. Priority for bus seats will be given to younger children.
- Eligible students living in another Division who attend a school of choice in Pine Creek will be transported provided there is room on the bus and an existing route does not require adjustment.
- Ineligible students living in another Division who attend a school of choice in Pine Creek may be transported if there is room on the bus and an existing bus route does not require adjustment.
- Parents/guardians of non-division students may request to arrange to meet buses at pre-approved safe sites on existing routes. When granted, such approvals shall be subject to withdrawal should the bus route change.
- For those students exercising school of choice, it will be the responsibility of the parents, at no cost to the Division, to transport the students to the nearest suitable bus route pick-up/drop-off for that school of choice.
- Ineligible students, once provided with bus transportation, will not have transportation guaranteed until leaving that school of choice.
- Busing arrangements for any students not attending their designated school will be subject to change when routes are altered to better meet the primary transportation responsibility of Pine Creek School Division as stated in Policy EEA.
- All requests for pupil transportation arrangements that involve the invoking of these regulations are to be submitted in writing to the Division Office a minimum of one month prior to the desired commencement of such arrangements.
- All arrangements made in accordance with these regulations are to be documented by the Transportation Coordinator.
