BUS ROUTE REVISION

Purpose:

The revision policy would set indicators and values that would be applied to each bus route in Pine Creek School Division. The indicators would be applied each year by the Transportation Supervisor during the route review process. Any routes that are flagged by the indicators would be brought to the Transportation Committee for review. The committee would then determine if the route or routes would be looked at for possible revision.

Indicators and Values:

- | | | |
|----|-------------------|---|
| 1. | 1st Pick-up time: | If the route begins at 8:00am or after and 7:30am or before. |
| 2. | No. of Students: | If there are less than 20 students or more than two students per seat on the bus. |
| 3. | Route Length: | If the route is less than 35 kms. or more than 70 kms. long. (one way). |
| 4. | Driver vacancy: | When any vacancy occurs, the routes in that area should be reviewed for possible amalgamations of routes. |
