

5.19 Student Accident Insurance

5. Students - Administrative Procedure Manual

The Pine Creek School Division authorizes each school to offer to the students the opportunity to participate in the student accident insurance plan endorsed by the Manitoba School Boards Association.

Although participation in this accident insurance plan is on a non-compulsory basis with the decision to participate resting solely with the parents or legal guardians, enrolment in this or a similar plan, and provision of proof of same, is required for students who plan to participate in extracurricular outings and other activities of high risk.
