

## **PRESS RELEASE**

Date of Release: January 22, 2018

### **New Security Systems in PCSD Schools**

As part of their 2017-2020 strategic planning, the Pine Creek School Division Board of Trustees prioritized the creation of a safe learning environment that provides for the physical and emotional well-being for all students and staff in the Division.

In an effort to realize that goal, the Division recently installed security systems in Austin Elementary, MacGregor Elementary, MacGregor Collegiate, William Morton Collegiate, Gladstone Elementary, Plumas Elementary, Langruth Elementary Schools, and the Division Office. Protocols specific to each site are in development, with one procedure consistent throughout the Division: all doors to the school are locked during instructional time. Visitors to the school are required to enter through the main doors after being identified via the security camera and allowed entry by school staff.

Community members are reminded that these changes have been made in order to reach higher levels of safety and security for all students and staff. Your patience and cooperation are appreciated during this transition.
