# Developing Safe School Communities

A standard of behaviour for  
the  
Pine Creek School Division

A Standard of Behaviour is a teaching model rather than a mandate for behaviour. The emphasis is on teaching rather than telling, nurturing rather than sanctioning and including rather than excluding.

The objective of this Standard of Behaviour is to ensure, to the fullest extent possible, the provision of a "safe and caring community" for all involved with the Pine Creek School Division.

Each school in Pine Creek School Division together with its community will develop its own code of conduct/safe school plan modeled in these principles.

Emotional and physical safety are fundamental for the provision of safe and caring school communities, and refer to a classroom or school environment in which students can experience all of the following:

- a sense of value, belonging, acceptance, respect and dignity.
- the freedom to, in an environment of respect and acceptance, risk learning new things without fear of making a mistake.
- encouragement support, recognition, effective instruction, guidance and appropriate resources.
- recognition and acknowledgement of one's unique talents, skills and qualities.
- the freedom from harassment, intimidation (examples include: labeling, name-calling, ridicule, taunting, criticism or contempt) and threat of physical harm from adults or peers.
- the freedom to make choices and influence one's own learning and pursue personal interests.
- the freedom to have (and appropriately express) one's own feelings and opinions without fear of recrimination.

## **Responsibilities**

One of the priorities of the Pine Creek School Division is "preparing students for their role as citizens and active participants in a safe and democratic society." To support this work:

Students are, to the fullest extent possible, responsible for:

- Complying with the Standard of Behaviour of the Pine Creek School Division and its individual schools
- showing respect for the rights, property and safety of themselves and others
- respecting and appreciating the diversity of all school members, regardless of their race, culture, ethnicity, religion, gender, sexual orientation, age and ability
- expressing themselves with socially acceptable language and behaviour
- exhibiting behaviour that avoids all forms of intimidation, harassment, racism, and discrimination
- dressing in accordance with school dress standards
- treating school property and the property of others with reasonable care
- respecting the responsibilities of all school members in exercising their duties
- promoting positive behaviour through the avoidance of all types of violent acts
- attending classes, activities and events and being prepared and punctual
- showing courtesy and respect for the rights of all people in the school and in the community
- demonstrating behaviour that contributes to an orderly, supportive, and safe learning environment
- resolving interpersonal conflicts and difficulties through discussions or by seeking assistance from school personnel

Parent responsibilities are in accordance with The Public Schools Act, The Child & Family Services Act and the obligations outlined therein.

### ***Behaviour***

Behaviour is situational, and any and every response to behaviour must always be informed by the circumstances of the situation.

- Discipline is intended to restore safety, change inappropriate behaviour, and promote the learning of self-control.
- Expected behaviours must be actively taught both at home and in school.
- The strategies used to develop understanding and respect for the rights of others may vary from student to student.
- When there is non-compliance with the Standard of Behaviour, an appropriate response shall follow.

The nature and scope of inappropriate behaviour ranges from disruptive to severely disruptive.

- bullying: repeated targeting, intimidation and exclusion of others by an individual or group, including electronic harassment

### ***Appropriate Responses***

Schools are safe but by their very nature will encounter problem behaviours. The Pine Creek School Division is committed to working towards the provision of a safe learning community and will always respond to situations that threaten or violate the physical and emotional safety of those in its care.

In addressing any misbehaviour, responses shall:

- be logical, realistic and timely
- be appropriate for the student's stage of development and considerate of the student's special needs
- reflect the severity of misbehaviour and take into account the frequency, duration and intent of the misbehaviour
- be chosen initially to restore safety and order
- make sense to students as much as possible
- enable students to generate appropriate responses and solutions

Individuals or groups violating these principles become subject to a range of appropriate responses as defined by the Pine Creek School Division Standard of Behaviour.

The following are examples of responses that may be considered in addressing inappropriate behaviour:

- discussion with those involved
- interviews that may involve students, staff, parents and/or Divisional personnel
- a plan that may include counselling, mentoring or mediation

- withdrawal of privileges

- withdrawal from course(s) because of poor attendance

- development and implementation of a behavioural or performance contract
- suspension: in-school or out-of-school
- suspension for the remainder of the school year
- expulsion: involvement of school administration, Superintendent and Board is required

In response to a high risk and severely disruptive behaviour, an immediate suspension of up to 5 days may be given in order to secure safety and develop an appropriate plan.

In the event a parent or staff member wishes to appeal decisions related to discipline, established protocol must be followed to express these concerns.

Pine Creek School Division follows the Manitoba Education Citizenship and Youth Appeal Protocol. Please see:

- [Appropriate Educational Programming in Manitoba: A Formal Dispute Resolution Process](#) 2006 - pages 2 - 6 and/or
- [Working Together: A Guide to Possible Problem Solving for Schools, Families, and Communities](#)

*Students today are facing a new set of "basics," among them respect for self and others, the ability to work cooperatively, a sense of empathy towards others, anger management skills, a sense of hope, a sense of personal responsibility, non-violent conflict resolution competence and an understanding that our actions do have an impact on our world and our life*

*The modeling of conduct that we desire students to emulate is an ongoing responsibility for all the adults in a child's life—at school, at play and at home.*

To provide the best service to parents we will be asking the school bus drivers to contact parents directly for those students on their bus route. The school bus driver will contact parents with the pick up time and location at the end of August, using the parent contact information on file.

If your contact information changes please inform the school first and then the transportation office at 204-637-2073. It is important to communicate any and all changes with the school as well as the transportation office. These changes can include: address, busing location, daycare schedule, phone #, emergency contacts, vacation or time away, and last minute changes such as sick days.

**Any requests for transportation need to be done via the online form available on the Pine Creek School Division web page.**

If you have not received a call from your school bus driver before August 31st or require further information please contact the transportation office.

**The transportation office has a 24hr answering machine at 1-204-637-2073 or email [transportation@pcsdonline.ca](mailto:transportation@pcsdonline.ca). The transportation office operates 12 months of the year.**

Thank you.

# School Bus Winter Months

## **Bus Cancellations**

If the weather reaches - 45 (with wind chill) buses may be canceled. Poor visibility or poor road conditions may also cause buses to be canceled.

Unsafe conditions in one area may cause a division wide cancellation.

We urge parents to check the website and listen to local radio each morning during the winter months. While buses are usually canceled at 6 AM they can be canceled with little notice due to a turn in the weather.

Students should be well dressed for the weather and prepared to wait at their bus stop in case a bus is delayed.

If there is a unforeseen circumstance where a route needs to be canceled, that information will be posted to the school and division's website along with message sent to parents/guardians through the SchoolMessenger System.

## **Parents Get The Final Say**

Our division is very spread out geographically, and weather conditions can vary from area to area. Even if buses are running parents always have the final decision. If you will not be sending your student on the bus due to weather conditions please contact:

**Transportation Office: 1-204-637-2073 / [transportation@pcsdonline.ca](mailto:transportation@pcsdonline.ca)**

## **Storm Billets**

Division policy requires that all bus students have storm billets. In the event that buses are unable to run after schools are in session for the day, schools will follow the following procedures for billeting of students:

1. The decision to billet will be made by 2:00 p.m. and will be broadcast on the local radio station in accordance with the division's Storm Policy. Schools and families will be advised of the decision through our School Messenger system from the school administration or senior administration.
2. All students will remain in school until the normal dismissal time unless picked up either a parent or storm billet. Parents may authorize their child to be released to another parent by telephone.
3. Students will be sent to their homes after school is dismissed. Billets may be asked to specify how they want students to get to their homes.

## **UNIFIED REFERRAL AND INTAKE SYSTEM**

Fact sheet for Parent/Guardian

### **What is the Unified Referral and Intake System (URIS)?**

The Unified Referral and Intake System (URIS) is a provincial initiative of Manitoba Family Services and Consumer Affairs and Manitoba Education.

URIS supports children who have health care needs that require intervention during attendance at a community program including schools, licensed day cares, recreation programs or situations where respite is part of the family's plan.

### **Who can receive URIS support?**

Children with the following **health care conditions that require intervention during attendance at a community program** are eligible for URIS services.

- **Life-threatening allergy and the child is prescribed an EpiPen**
- **Asthma**
- **Seizure disorders**
- **Diabetes**
- **Cardiac conditions**
- **Bleeding disorders**
- **Steroid dependence**
- **Gastrostomy care**
- **Ostomy care**
- **Clean intermittent catheterization**
- **Pre-set oxygen**
- **Suctioning (oral or nasal)**

### **What support is provided through URIS?**

URIS support includes a registered nurse to:

- Develop and maintain a written Health Care Plan (IHCP) for the child during attendance at the community program; and
- Train and monitor community program staff that are responsible for assisting the child with his/her health care interventions.

## **How does the URIS program work?**

1. A URIS application is completed and submitted by the community program. The application is divided into three sections:
  - Section I includes community program information.
  - Section II includes child information (name, date of birth and health care interventions required during attendance at the community program).
  - Section III is an Authorization for the Release of Medical Information. It is a written consent for the community program to share the child's information with the URIS office and the nursing service provider. This consent must be signed by the parent/guardian before the application is submitted.
2. The community program contacts a nursing service provider (e.g., Regional Health Authority, private nursing agency, independent practicing nurse) to provide URIS support.
3. The nursing service provider contacts the parent/guardian to assess the child's needs and develop the health care plan. This collection of information may include consultation with relevant team members such as the primary physician and other health care professionals. The nurse also provides training to community program staff.

## **Why do I have to provide my child's health information to the community program every year?**

The community program submits URIS renewals annually so URIS support can be received. An annual review of health care plans and training of community program staff is necessary to keep information and skills current.

As well, a child's health care needs can change over time. Asking about a child's health care needs every year provides the community program with your child's current health care needs.

## **What involvement does the parent/guardian have?**

- The parent/guardian accurately provides the community program with information about their child's health care intervention.
- The parent/guardian signs the Authorization for the Release of Medical Information (Section III of the URIS application). An application cannot be submitted until the parent/guardian signs this consent.
- The parent/guardian works together with the nurse to develop a health care plan for their child that is relevant to his/her attendance at the community program. The parent/guardian can also talk to the nurse about their involvement in training community program staff.
- The parent/guardian signs the completed health care plan. The community program cannot implement a health care plan until the parent/guardian and the nurse sign it.
