To: Parents/Guardians:

Your child may benefit from speech-language supports at school. To make sure that we are providing the best help possible for all students, your child may be screened for speech and/or language difficulties by our school's Speech-Language Pathologist. This screening would involve your child meeting with the Speech-Language Pathologist for approximately 10 minutes to determine if further supports may be required. Strong speech/language skills are important in academic and social areas. If the screening shows that your child would benefit from speech-language support at school, we will inform you of programming that is being provided. Please sign and return this form to the school.
